PROFESSIONAL PROFILE

IT student at Borg Al Arab Technological University with a practical background in Frontend Development, Desktop Applications, Databases, Robotics, IoT and Machine Learning. Started coding at 15 and developed hands-on projects using HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, C#, ADO.NET, SQL Server, Python, Arduino and ESP32. Currently expanding skills in Data Analysis, AI/ML and Cybersecurity, with a long-term focus on Programming and Cybersecurity.

EDUCATION

Borg Al Arab Technological University
Bachelor of Information Technology (IT) | 2024 – Present

FEATURED PROJECTS

Matrix Minds — 6-DOF Mobile Robotic Arm

Team robotics project featuring a 3D 6-DOF robot arm with Arduino/ESP32 control, color detection, IoT interaction and automation.

AutoWorth AI — Used Car Price & Deal Advisor

Supervised Regression Machine Learning model that predicts used-car prices from vehicle features. Built with Python, Machine Learning and Streamlit.

Disabled Support Center System Database

Desktop system designed to organize and manage disabled support-center records using C#, ADO.NET and SQL Server.

EduGate

Team web project using HTML5, CSS3, JavaScript, Bootstrap, PHP and MySQL.

Taskly

Web project using HTML5, CSS3, JavaScript, Bootstrap, PHP and MySQL.

EduCore

Team Java GUI application project.

3D Robot Website • Wezzo • Qahwa Corner • QR Code Generator

Additional web projects demonstrating responsive UI, visual design, JavaScript interaction and teamwork.

Animated Moon • Calculator • Manhwa Library

Frontend projects focused on animation, interaction and clean responsive interfaces.

TECHNICAL SKILLS

Frontend: HTML5 • CSS3 • JavaScript • Bootstrap • Responsive Web Design

Backend / Database: PHP • MySQL • C# • ADO.NET • SQL Server

Programming: Python • C# • Java • JavaScript • Dart • Arduino C/C++

AI & Data: Data Analysis • Machine Learning • Deep Learning • Data Visualization

Robotics: Arduino • ESP32 • Sensors • Actuators • PCB • IoT

Linux: Kali Linux • Linux 101 • Command Line Fundamentals

Tools: Git • GitHub • VS Code • Visual Studio • Arduino IDE • Streamlit • Blynk

CERTIFICATIONS

Frontend: HTML Certificate • CSS Certificate • JavaScript 101 • JavaScript DOM • Bootstrap • Frontend Development

Programming: Python • C# Financial Program • Programming Foundations

AI / Linux: AI Basic (Machine Learning) • Linux 101

Robotics: Arduino C • PCB • Robo Electronics Level 1 • Robotics Level 1 • Robotics Level 2 • Robotics & Arduino

Data Analysis: Python Basics for Data Analysis • Data Analysis Using Python — Yanfaa

EXPERIENCE

Volunteer — Support Center for People with Special Needs

Faculty of Business, Alexandria University | 2021 – Present

CORE STRENGTHS

Problem Solving • Critical Thinking • Self-Learning • Teamwork • Communication • Research • Adaptability • Technical Troubleshooting

LANGUAGES

Arabic: Native

English: B1+ — Intermediate

CAREER FOCUS

Programming • Cybersecurity • AI/ML • Data Analysis • Web Development • Robotics • IoT • Embedded Systems
